

APRIL 2010 - HAPPY EARTH DAY

THE GREEN LIVING SHOW

The end of April marks Earth Week and the annual Green Living Show at the Direct Energy Center on April 23rd, 24th and 25th. Solares is proud to once again be an exhibitor at Toronto's largest green consumer show dedicated to sustainable lifestyles. We invite you to join us in booth #614 in the Green Building Section where we will be available to discuss your Environmentally Integrated Home™ project. We look forward to seeing you there.

NEW SOLARES WEBSITE

We've updated our website with new projects, and created an archive of articles and newsletters. With the help of Digital Front Technologies we also simplified the interface making it easier to use. Please let us know what you think and be sure to check in regularly over the coming months as we post more projects.
